RE: PENDING LEGISLATIVE PROPOSALS

Dear City Council Members:

My client, Harbor Lands Co, poses the following questions and requests a response:

- (1) Is the Palisades site (located along Peace Portal Drive) eligible to receive a conditional use permit as other so-called "major developments" are able to in the CB-Market District?
- (2) Is it the City's intention to downzone area inclusive of the Chinese restaurant, Bayside Motel, and the Cedar Court Site – representative of the highest density block in Blaine – to single family residential?

Sincerely,

William Pardee
Harbor Lands Co.
