Dear Council members,

My name is Larry Bellamy.

I had hoped to be residing at The Seascap maintenance building for several weeks now, as I am appointed Seascap on-site supervisor/concierge. Everything has been completed in the way of construction. The building inspector, Mr. Yurgalevich, is out of town, but we were told we were to have occupancy permits on all units at The Seascap weeks ago.

WHERE ARE THEY, and where is the occupancy permit for me to reside in the maintenance/concierge quarters?

I want the liberty to get moved, for security purposes.

Signed - Larry Bellamy Date 8-7-06
