REQUEST FOR COUNCIL ACTION
MEETING DATE: December 11, 2006

SUBJECT: Water Production Well No 5R Establishment Project, Phase 1- Drill and Test
Construction Contract Award

SUBMITTING DEPT: Public Works

PREPARED BY: _____
(Digital Signature)

AGENDA LOCATION: Comments/Communications ☐; Consent ☐; Committee Reports ☐
Unfinished Business ☐; Council Action Items ☒; Public Hearing ☐; Standing Committees ☐

ATTACHMENTS: Bid Summary

ANALYSIS/SUMMARY:

This project is intended to replace or augment an older well (#5) that is not capable of producing its full water right. The new well (5R) will be drilled into a deeper aquifer and with a larger casing to allow for greater pumping capacity. Once the well has been successfully drilled and tested, the pumps, wellhead enclosure, disinfection equipment, telemetry, and connection to the distribution system will be designed and constructed under separate contracts.

The project was advertised for bid November 22, 2006, with the bid opening held on December 6, 2006. One bid was received by the City, from Holt Drilling a division of Boart Longyear. The Engineer's estimate for the project was between \$120,000 and \$150,000. Holt Drilling is recognized as a responsible bidder, well qualified to perform this work, and their bid met all the requirements to be considered responsive. The well drilling and testing covered by this project is expected to take 60 working days to complete.

RECOMMENDATION: ☒ Waive 2nd Reading: (Include conditions of approval if applicable) Staff, and the hydrogeologist who prepared the design, recommend that City Council authorize the City Manager to execute a contract with Holt Drilling in the amount of \$167,300 before sales tax for "Water Production Well No 5R Establishment Project, Phase 1 - Drill and Test".

FISCAL ANALYSIS: This is a budgeted capital project for 2007 and this amount will be paid from Water Capital fund 329.
