RE : Request for information :

Some of you many recall the change from a city manager form, or an administrative form of government, to an elected-mayor form of government.

Can you give us a quick summary of your thoughts concerning such a change as far as your municipality is concerned ? Are you happy with this change ? What are the reasons that influenced such a change ? Do you have any commentary regarding it ?

We changed to A Strong Mayor- Council form of Government from A Three person Commission.

This is much better and allows more participation while having AN Elected Chief executive. MY only

If you can refer to any articles or opinions, we would certainly appreciate hearing from you.

Comment is I wish we had done it sooner.

Sincerely,

Joel Douglas
