Honorable Mayor Mike Myers and Council Members

I have decided to retire from the Blaine City Council effective immediately. I recently was diagnosed with prostate cancer which is unfortunately metastatic and will require lifelong treatment. As my cell type is aggressive and the cancer very advanced my prognosis is somewhat guarded. I am planning to spend more time with my family as well as do some traveling, and this would mean missing too many meetings to continue to represent my district adequately. This is a difficult decision as I have worked hard to get Blaine on the right track and I am proud of the progress our town has made over the past six plus years. I also believe we are in excellent position for continued and hopefully accelerated progress. I will miss working with all of you and I have a great deal of respect for all of you and I know you will move ahead without me.

Sincerely,

  
Bruce Wolf
