**RE : Seascope : Unfair sewer charges**

One year later and we wrongfully have been required to pay over \$15,000.00 in sewer fees for non-occupied rooms.

*Will you do this for the successor to R. Osborne in his structure ?*

If the new ruling is designed to affect *start-up costs*, will his project face the same costs for empty units or offices ?

Our charges are unfair, unjust—especially in that we are required in the code to have meters, and determinations of use are readily available.

*Sincerely,*

**Joel Douglas**
